

Daniel Spagnolo.

(He/Him) | Senior Product Designer

EXPERIENCE

MELBOURNE, AUSTRALIA

Informed Decisions

Senior Product Designer (contract) 2025 - 2026

Led the redesign of Informed Decisions' flagship platform (used by Australian government and retail). My research reframed its value proposition from data access to decision confidence, and I established the company's first design system.

Culture Amp

Senior Product Designer (AI) 2022 - 2025

Led design for Culture Amp's AI portfolio. Shipping its first AI product (Comment Summaries), and AI Coach for managers. Responsible for platform-wide AI design patterns/guidelines used across the product group.

LONDON, UNITED KINGDOM

Unmind

Senior Product Designer 2021

Led design for Unmind's Adoption squad across web, iOS, and Android, including account creation redesign that lifted sign-ups 5%.

Babylon Health

Senior Product Designer 2019 - 2020

Led design for Babylon Health's NHS "GP at Hand" service across web, iOS, and Android, including an automated registration flow that lifted completed registrations 10%.

Onfido

Senior Product Designer 2016 - 2018

Led design for Onfido's Identity Verification Web SDK. Shipping industry-first web-based face liveness detection, and an Employee Applicant form redesign that helped win Google and Tesco.
